## Musicale Set for February 10

After a brief hiatus, the High Street Hill Association will once again sponsor The Musicale, a neighborhood musical festival on Sunday, February 10th at the First Parish Church, 382 Walnut St. from 4:00 to 5:00 pm. This event will feature musicians and singers from our neighborhood.

An "ice cream social" will follow the performance. The association is looking for neighbors who would like to participate, either as singers or musicians, in this fun event. Please call Lucy Aptekar (617-731-8005) if interested.

## Traffic Update

Traffic calming construction has already begun on lower Walnut St. (High to Cypress). Plans call for curb pullouts at strategic points and raising crosswalks at Oakland and in front of the old Lincoln School. There will also be alternate side parking and better ramp access at the corner of High and Walnut. Parking behind Dunkin Doughnuts will also be curtailed.

Plans for upper Walnut at the intersection of Walnut and Kennard tentatively call for four raised crosswalks.

## Passages

The Association offers sincere condolences to the families of Manuel Delvalle and Daniel Lewin who were victims of the September 11th Tragedy in New York City. Mr. Devalle, son of Grisel and Peter Moyer and a 1988 graduate of Brookline High School was a firefighter in NYC. Mr. Lewin, co-founder of Akamar Technologies had recently purchased a house in our neighborhood.

## Updated Directory of Tried and True Service People

The Association is attempting to update the list of tried and true service people. This directory which lists recommended baby-sitters, caterers, contractors, etc. has been in great demand and is very helpful to neighbors in need of quality service people. Unfortunately this list has become somewhat outdated. If you have people who have recently worked for you and you would like to recommend them, please send their names and phone numbers to [HighstreetHill@aol.com](mailto:HighstreetHill@aol.com).

## Space Needed

Landscape designer wants to rent a small indoor/outdoor space for tool and seedling storage in HSHA area. Some design-gardening services provided in exchange. Please call 617-734-0735
