Something BIG Happening in The Neighborhood?

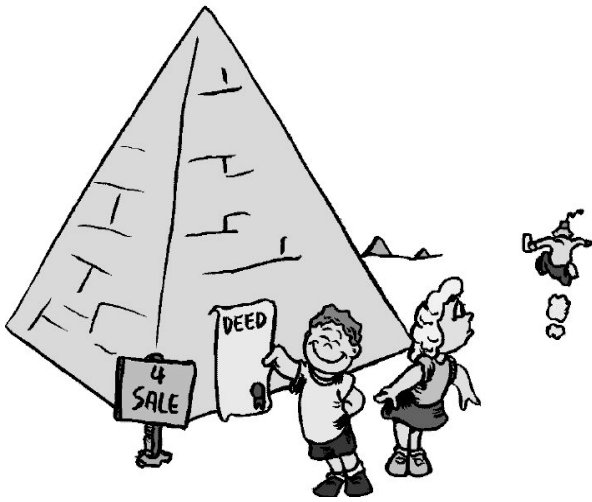

Over the last few weeks there has been a rush of activity to push forward a **proposal to re-develop 2 Brookline Place**, home of Bertucci's, the former Skipjack's as well as other businesses. A proposed 230,000 square foot structure, up to 145 feet in height, will house retail and parking on the first 3 floors and offices or, alternatively, laboratories on the upper 7 or 8 floors. A Project Review Team has been working with Town Hall and the developers to define the critical design elements but the first step in the approval process will require a significant, perhaps far reaching, change to Brookline's Zoning Law (to be decided by Town Meeting in November).

A project of this magnitude will have significant, long lasting impact on our neighborhood. Issues concerning parking, traffic, open space, and in the case of laboratories, safety, have yet to be fully addressed.

We have invited representatives of the developers and Town Hall to explain the 2 Brookline Place project and to solicit your comment and input. Please plan to attend this important HSHA meeting at 7:30PM Tuesday, October 21 at the Library of The Park, Cumberland Road.

Welcome to the Neighborhood
